ABOUT US

Ahmedabad-based Letpro Water Purification is a manufacturer of water purifier spare parts.

We ship our goods throughout India.

Additionally, we are experts in a variety of water purification products, including water filter cartridges, pumps, carbon, sediment, booster pumps, fittings, and all filter spare parts related to water purification.

We take pride in the fact that all of the products we supply adhere to global standards.

We constantly work to give retailers and distributors the highest-quality water spare parts so they can better serve their customers.

We understand the critical importance of clean, safe drinking water, and we've stepped into the niche to make our mark by delivering unparalleled quality and customer satisfaction.

"We understand that investing in water purification is a long-term decision. That's why we prioritize durability and longevity in our products"

WHY CHOOSE US

We research, design and develop water purification solutions that keep the contaminants away and ensure the purity of water. Our team is experienced to design customized solutions, manufactured keeping industry standards in mind and pass various quality tests before reaching the final customer. Customer Satisfaction.

WHAT WE DO

Our advanced filtration systems effectively remove impurities, contaminants, and harmful substances, ensuring that your water is safe and healthy to drink. Our products meet or exceed industry standards for water quality.

Ensure Maximum Quality

Offered water filtration and purification solutions give you access to 100% pure and healthy water.

4/5 Stage Filtration

Different models are available to offer 4 or 5 stage filtration that ensures the purity of water and maintain its quality and taste.

Improved Taste

After removing the contaminants and undergoing different stage filtration, the taste of the water will get enhanced.

Certified Solutions

We value your health and bring the superior quality solutions that help you have the best for your residential, commercial or industrial sector.

BOOSTER PUMP

Model no eco+100

Specifications

- Bye pass pressure 120-130 PSI
- Sustion height 1.8 mtr
- Open flow 1.8 LPM
- Max. AMP 1.2
- Working AMP 0.85-0.95
- Voltage 24 VDC

MRP :

₹2199/-

Working pressure

75-90 PSI

Inlet Pressure

20 PSI

BOOSTER PUMP

Model no silver+100

Specifications

- ☞ Bypass pressure 130-150 PSI
- ☞ Suction height 2 mtr
- ☞ Open flow 1.8 LPM
- ☞ Max. AMP 1.3
- ☞ Working AMP 0.85-0.95
- ☞ Voltage 24 VDC

MRP :

₹2499/-

Working pressure

80-90 PSI

Inlet Pressure

20 PSI

BOOSTER PUMP

Model no super 100

Specifications

- Ⓢ Bye pass pressure 130-150 PSI
- Ⓢ Suction height 2 mtr
- Ⓢ Open flow 1.8 LPM
- Ⓢ Max. AMP 1.3-1.5
- Ⓢ Working AMP 0.85-0.95
- Ⓢ Voltage 24 VDC

MRP :

₹2699/-

Working pressure

90-100 PSI

Inlet Pressure

20 PSI

BOOSTER PUMP

Model no premium 100

Specifications

- Ⓢ Bye pass pressure 125-130 PSI
- Ⓢ Sustion height 2 mtr
- Ⓢ Open flow 1.8 LPM
- Ⓢ Max. AMP 1.2
- Ⓢ Working AMP 1
- Ⓢ Voltage 24 VDC

MRP :

₹2999/-

Working pressure

90 PSI

Inlet Pressure

20 PSI

BOOSTER PUMP

Model no premium 200

Specifications

- Ⓢ Max pressure 150
- Ⓢ Suction height 3 mtr
- Ⓢ Open flow 2.5 LPM
- Ⓢ Max. AMP 2.4
- Ⓢ Working AMP 2
- Ⓢ Voltage 24 VDC

MRP :

₹3999/-

Working pressure

90 PSI

Inlet Pressure

20 PSI

MEMBRANE

Silver 80

Specifications

- 96-96% removes raw water TDS
- Flow upto 18ltr/hr
- Good flow membrane
- Long durability
- Easy to install
- Imported sheet

MRP :

₹1990/-

Works upto
1500 TDS

Available in
80 GPD

MEMBRANE

Silver 100

Specifications

- ☞ 95-96% removes raw water TDS
- ☞ Flow upto 20ltr/hr
- ☞ Good flow membrane
- ☞ Long durability
- ☞ Easy to install
- ☞ 100% imported sheet

MRP :

₹2290/-

Works upto
1500 TDS

Available in
100 GPD

MEMBRANE

Super

Specifications

- 97-98% removes raw water TDS
- Flow upto 18ltr/hr
- Good flow membrane
- Long durability
- Easy to install
- 100% Korean sheet

MRP :

₹2490/-

Works upto
2500 TDS

Available in
80 GPD

MEMBRANE

Premium

Specifications

- ④ 97-98% removes raw water TDS
- ④ Flow upto 22ltr/hr
- ④ Good flow membrane
- ④ Long durability
- ④ Easy to install
- ④ 100% ova sheet

MRP :

₹2990/-

Works upto
3500 TDS

Available in
100 GPD

MEMBRANE

Premium+

Specifications

- 98% removes raw water TDS
- Flow upto 22ltr/hr
- Good flow membrane
- Long durability
- Easy to install
- 100% HJC imported sheet

MRP :

₹3299/-

Works upto
4000 TDS

Available in
100 GPD

MINERAL Cartridge

Specifications

- ☞ Coral sand
- ☞ Mineral ceramics
- ☞ Alkaline ceramics
- ☞ Super ceramics

Push fitting

MRP :

₹499/-

Activated
Carbon
